We Are The People

Psalm 29:11          Psalm 102:18
Psalm 22:31          Psalm 33:12
Isaiah 51:16         Isaiah 66:22

We are the people who are blessed of the Lord.

We are the people who have peace forever more. The Lord will give strength to the people He adores. We are the people. We are the people.

We are the people who are blessed of the Lord.

We are the people who will walk hand in hand. We are the people who will help others stand. We are the people, we are the people.

We are the people who will inherit the land.

We are the people who are called to praise God's name. We are the people who will always remain. We are the people called to praise the Lord.

Boldly showing righteousness to a people that shall be born. Always & always, All ways & all ways. We are the people called to praise the Lord.

We are the people who are called by God's name. We are the people God has chosen for His own. We are that people. We will strive to be that people.

We are the people who will serve the Lord.
